Dear ^ohn,

Thank you very much for your kind letter of the 29th. I do appreciate it.

I've been sent a New Orleans clipping reporting that Oliver Stone closed down his New Orleans filming with two parties, one featuring a strip act. The woman columnist is explicit, a complete stripping.

With it was a news story reporting that Stone had moved the operation to Washington.

There has been no report on that in the Post. I've heard nothing about it on radio and seen no mention of it on TV.

Either the column or the story said the film would open of be previewed in New Orleans December 22, 1991.

Interesting that with 30 choices he picked the 22d.

Hope your preparations for your documentary are going well.

Again thanks and best wishes,

Harold Weisberg
